350 HEPBURN MODULAR
SOFA

Hepburn is glamorous and light, lifted from the floor on elegant solid wood legs, and with a diagonal panel construction on the cushions. The first of its kind to offer a complete modular system with each module fitting onto a central beam. An almost limitless variety of configurations can be produced making Hepburn eminently suitable for use in domestic or contract applications. Designed by Matthew Hilton for his eponymous brand, and manufactured by De La Espada craftsmen.
