

PRODUCT FACT SHEET

70/70

TABLE

"The 70/70 table is a study in geometric forms identifying the dimensions for a well-balanced table. It has an almost anonymous expression but with careful detailing. The table is based upon two cast aluminium squared frames with the dimensions 70 x 70 centimetres. The simple Scandinavian aesthetics balanced with the warmth from the layered wood adds personality to the table."
TAF Architects on the design.

PROCESS

The table top is made of plywood, with a linoleum or laminate surface. The aluminium frames are formed under high pressure casting. (The parts are screwed together).

DESIGNED BY / YEAR OF DESIGN

TAF Architects / 2013

TYPE

Multi functional table

DESCRIPTION

The 70/70 table is minimalistic in design with an airy, light expression, which creates a beautiful profile. The almost reduced design is balanced with fine details in the plywood layered table top and form of the angular frame

ENVIRONMENT

Indoor

DIMENSIONS (CM)

Large: L: 225 W: 90 H: 73
Small: L: 170 W: 85 H: 73

MATERIAL

Cast aluminium frames, plywood table top with linoleum/laminate surface

COLOUR / REFERENCE CODE

Black, Grey, White, Light green

CLEANING INSTRUCTION

Use moist cloth
