
Alcor

STORAGE UNITS

Antonio Citterio

Description

Alcor is a family of cabinets, sideboards and consoles marked by rigorous aesthetic paired with precious wood surfaces, expression of the excellence of Maxalto's artisan processes. Offered in different configurations, dimensions and heights, with hinged and flap doors, drawers and open compartments, these pieces have an inlaid damier checker board pattern in various woods to choose from: tino, natural wenge and oak in the various finishes included in the collection (light brushed, black brushed, grey and smoked oak). The collection also includes three dining tables that are decorated with the checker board motif on the top and come in two rectangular sizes (cm.230x100 and cm.290x100) and one square version (cm.145x145). The entire series has a visually light structure with aluminium supports painted in graphite and amber finishes.

Technical information

External and internal frame

MDF wood fibre panel

Flap door compartment internal frame (LX02LQ-LX02TQ)

reflective material

Drawer frame

MDF wood fibre panel and bottom base in wood particles with melamine faced cover

Internal shelf

plywood panel with honeycomb-core and wood particles

Open compartment shelf

MDF panel

Flap door compartment shelf (LX02LQ-LX02TQ)

toughened glass

Handle

die-cast zama

Support frame

die-cast aluminium and extrusions

Adjustable feet

thermoplastic material
