

I den pendlande, monokroma miniarmaturen Connect har tak-kopp och skärm samma form, sammanbundna av den textila kablen. På så sätt får alla komponenter samma tyngd och blir alla lika viktiga för armaturens helhetliga visuella profil. Connect fungerar lika bra som solitär i mindre utrymmen som klusterhängd i större miljöer.

Utförande: Lackerad metall och textilkabel. Med eller utan takkopp.

Montage: I tak

Anslutning: 8372- Kopplingsbox 2x2,25mm². 8373- Takkontakt.

Design: Mattias Stenberg 2016

W	FÄRG/COLOR	MODELL	ART.
LED 4,3W/2700K	Vit/White	Med takkopp/With ceiling cup	8372-1-01
LED 4,3W/2700K	Svart/Black	Med takkopp/With ceiling cup	8372-1-06
LED 4,3W/2700K	Vit/White	Utan takkopp/Without cup	8373-1-01
LED 4,3W/2700K	Svart/Black	Utan takkopp/Without cup	8373-1-06

In this pendant, monochrome, mini-fixture called Connect, the ceiling cup and shade have the same shape, connected by the textile cord. Thus all the components have the same emphasis and are equally important for the fixture's entire visual profile. Connect works just as well solo in small spaces as in clusters for larger environments.

Finish: Painted aluminum and textile cord. With or without ceiling cup.

Installation: In ceiling

Connection: Terminal box 2x2,25mm².

Design: Mattias Stenberg 2016.
