"A sort of travel journal filled with different sceneries and colors..."

Kiso, Swazi, and Mata are the three rugs making-up the Tribù collection designed by [Ludovica+Roberto Palomba](#) for cc-tapis. An evocative project stemming from the memories of travels and tangible emotions. A sort of travel journal filled with different sceneries and colors, recalling the diaries of the travelers of the 19th century Grand Tour, who painted indelible memories through their notebooks and watercolors. Fragments of colors, fabrics and materials that, once combined, give life to tribal decorations, like animals with fantastic manes.
