PRODUCT FACT SHEET

CARIMATE

Bold personality and detailed construction make Fritz Hansen's anniversary edition Carimate truly special. The armchair honours Vico Magistretti who designed the original red Carimate in 1959 for the golf club Carimate in Italy. Fritz Hansen has delicately updated the design for comfort and the longevity of all materials used.

PACKAGING

The chair is covered with a recycled plastic bag and shipped in a recycled cardboard box. All packaging material can be recycled.

CLEANING AND CARE

Lacquered wood: Clean with a soft cloth and mild universal cleaning detergent, following instruction for normal cleaning on the container. When cleaning avoid contact with flag line.

Flag line: Vacuum the halyard on low to medium power to gather dust attached to the halyard. If there are any spills or stains on the chair remove them as quickly as possible by dabbing on the stain with a moist cloth. Avoid rubbing on the halyard as it can cause the fibres to draw out and leave the halyard damaged and worn.

REPAIR, DISPOSAL AND REUSE

In case of repair the seat can be replaced.

All parts can be disassembled and sorted for recycling. Check local regulations for recycling options and whether there is potential for reuse.
