

HAIKU

LIGHTING | Indoor
BAXTER P.

Haiku, the famous Japanese poetic compositions, consist of simple juxtaposed verses which, when combined, evoke a complex world full of references and sensations. Crafted from mouth-blown Murano glass and available in two colourways and a range of forms—wall, table, floor and pendant—Haiku lamps merge layered shapes and delicate colour gradients, blending effortlessly into any interior and illuminating spaces with grace. Shaped by the expert hands of master glassmakers, each lamp is a one-of-a-kind creation. Light filters through layers of transparency and opacity, casting reflections that shift and shimmer with the changing atmosphere. Glass—alive and luminous—amplifies depth, creating an ambience that floats between tradition and modernity. With its sophisticated design and refined palette, Haiku Maxi adds a new expressive dimension to the Haiku collection. This

table lamp settles naturally into exclusive environments, offering illumination that is both presence and poetry—
expression and evocation.

Model: lamp with LED light source. Assembly required.

Structure: base and details in semi-matte brushed nickel.

Lampshade in brown or grey tempered transparent blown glass.

Wall light.
