PIETRO RUSSO

Y25, a visionary creation by Pietro Russo for Baxter, is a dining table that transcends its functional role to become an architectural element—redefining the relationship between form, space, and perspective. Drawing inspiration from the legacy of Minimal Art and reinterpreting it through a contemporary lens, this table unites geometric precision with a material sensitivity that speaks of exclusivity and intention. The structure, crafted from the highest-quality steel, is available in the striking antique polished Grisdorè finish or the timeless polished steel version. This gives the table a visual presence that captures attention and withstands passing trends. A true design statement, Y25 instantly transforms any space with its restrained yet powerful elegance—ideal for refined contemporary homes and dining areas that seek distinction and character.
