Meridiani

La storia di Meridiani inizia nel 1996 in Brianza, a nord di Milano. Renato Crosti, già forte di 30 anni di esperienza nella produzione di letti e imbottiture per l'arredamento, fonda Meridiani, grazie a un'idea appassionata della moglie Laura Ferraro Crosti e del designer Andrea Parisio, tuttora designer e direttore artistico del marchio. Distinguendosi a livello internazionale grazie a prodotti dal design raffinato e a un'ampia e ricca proposta materica, Meridiani è diventata in pochi anni sinonimo di qualità e di eleganza atemporale, proponendo progetti di interior design lontani da mode e tendenze passeggere ma sempre attuali.

Dal 2016, l'azienda fa parte di Dexelance, Gruppo industriale italiano di alta gamma che dal 2023 è quotato in Borsa Italiana, debuttando su Euronext Milan come la prima public company italiana del design.

The story of Meridiani begins in 1996 in Brianza, north of Milan. With 30 years of experience in the production of beds and upholstery for furnishings, Renato Crosti decided to found Meridiani, giving life to a passionate idea of his wife Laura Ferraro Crosti and Andrea Parisio - designer and still the artistic director of the brand. Distinguished on the international scene for its refined design and rich material palette, Meridiani has, in just a few years, become a symbol of quality and timeless elegance. Each collection embodies a vision of interior design that rises above fleeting trends, offering spaces that feel both contemporary and enduring.

Since 2016, the company has been part of Dexelance, a diversified Italian high-end industrial group that since 2023 has been listed on Euronext Milan, the regulated market managed by Borsa Italiana, becoming the first Italian public company in the design sector.

Designer

Nato a Lodi Andrea Parisio, art director e designer di Meridiani, ha frequentato l'Istituto Europeo del Design a Milano e si è diplomato presso l'Accademia delle Belle Arti di Pavia.

Dopo l'esperienza nella progettazione di spazi residenziali e commerciali, Andrea Parisio inizia a collaborare con Laura Ferraro Crosti e nel 1996 viene inaugurato il primo store a Milano: uno spazio/laboratorio di idee, nel quale il designer progetta e presenta i primi prodotti della collezione. Negli anni la collezione viene ampliata, e la costante collaborazione con il designer garantisce al marchio una crescita coerente e omogenea in termini di stile.

In qualità di direttore artistico, Andrea Parisio coordina l'immagine del marchio, la progettazione degli spazi aziendali monomarca e degli spazi espositivi presso le fiere internazionali. Vive e lavora a Milano.

Art director and designer of Meridiani, Andrea Parisio was born in Lodi, in the North of Italy; he attended the European Design Institute in Milan and graduated from the Academy of Fine Arts in Pavia.

He started his cooperation with Laura Ferraro Crosti after his experience in designing interior projects for residential and commercial spaces and later in 1996 the first store in Milan was inaugurated: a dedicated space/lab of ideas, where he designed and showcased the first products of the collection. Over the years the collection has been enriched and expanded, and the constant collaboration with the designer has guaranteed to the brand a consistent and homogeneous growth in terms of style.

As an art director Andrea Parisio oversees the coordination of the brand image, as well as of the corporate flagship stores and the exhibition displays at the furniture shows worldwide. He lives and works in Milan.

Territory and craftsmanship

Meridiani ha sede a Misinto, in Brianza, a circa venti chilometri a nord di Milano.

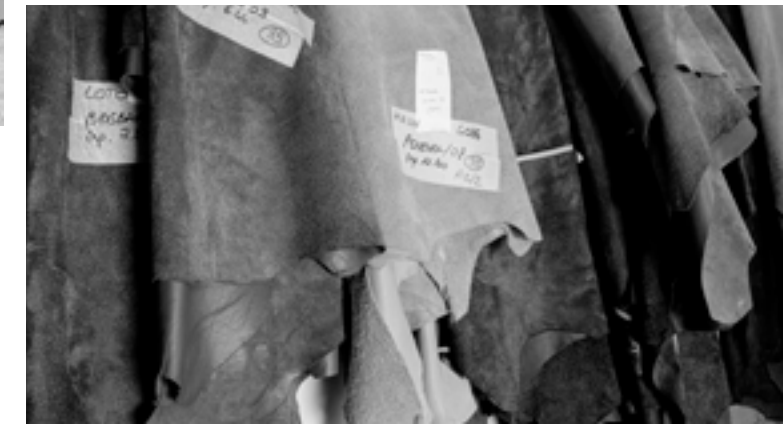

La Brianza è storicamente terra fertile di idee, un luogo dove imprenditorialità, operatività e manualità hanno avuto da sempre un ruolo fondamentale per la crescita e l'alta reputazione che la zona continua tuttora a conservare. È la cultura del saper fare, tipica del territorio brianzolo e fatta propria da Meridiani, che conferisce ai progetti quello stile e quell'anima che hanno solo i pezzi unici realizzati a mano.

Made in Italy va ben oltre un'indicazione di luogo: denota un metodo, una modalità di pensiero, un'attitudine. Meridiani è qualità ed esperienza, è sapienza tecnica e profonda conoscenza materica, è la capacità di dare vita a un'intimità abitativa e lasciare spazio all'interpretazione personale.

Meridiani has its headquarters in Misinto, in the Italian territory of Monza and Brianza, about twenty kilometers north of Milan.

Brianza has historically been a land rich in ideas, a place where entrepreneurship, operations, and manual skills have always played a vital role in the growth and high reputation the area still maintains. It is the culture of savoir-faire, typical of the Brianza area and made its own by Meridiani, that gives projects that style and soul that only unique handmade pieces have.

Made in Italy is more than a simple geographical indication: it is a method, a way of thinking, an attitude. Meridiani is quality and expertise, technical know-how and deep material knowledge, is the ability to create an intimate way of living and let a personal interpretation.

my home is ME

my home is ME rappresenta la massima espressione dell'abito su misura cucito da Meridiani. È un messaggio tanto conciso quanto diretto, un impegno già contenuto nelle iniziali del nome stesso del brand, in due lettere che racchiudono l'abilità di disegnare empaticamente stanze intime e personali, progettate sulla persona.

my home is ME è l'essenza di una promessa, quella di una casa arredata che, grazie all'ampia e ricercata varietà di forme, materiali e finiture messa a disposizione dall'azienda, consente di creare non solo luoghi da abitare ma dimensioni emozionali da vivere.

my home is ME represents the highest expression of the bespoke dress created by Meridiani. It is a brief but direct message, a commitment already expressed by the initials of the brand's name: two letters which include the ability to create intimate and customised spaces, bespoke designed.

my home is ME is the essence of a promise, of a furnished home, which, thanks to an available wide and refined variety of shapes, materials, and finishings, is able to create spaces to be lived and emotional dimensions to be experienced.

Material inspiration

L'essenza della lavorazione e dell'offerta di Meridiani si fonda su quattro pilastri fondamentali: alta artigianalità, ampia varietà, profonda conoscenza dei materiali e cura meticolosa dei dettagli.

Una sinergia tra passione, studio e competenza, che dà vita a una rosa materica senza eguali, composta da oltre 100 diverse finiture e circa 500 tra tessuti e pelli. Ogni elemento di ogni prodotto in collezione può essere configurato in modo unico: con una molteplicità di materiali e una vasta gamma di colori e texture innovative, Meridiani è in grado di creare pezzi esclusivi, sempre originali e mai convenzionali.

The essence of Meridiani's manufacturing and offer is based on four main pillars: high craftsmanship, wide variety, deep knowledge of materials and accuracy of details.

A synergy among passion, design, and expertise able to create a series of unique materials including more than 100 different finishing and a selection of about 500 fabrics and leathers. Every product of the collection can be customized in a unique way: through varied materials and a wide range of colours and innovative textures, Meridiani can create unique pieces, always original and never conventional.

René

Dinamismi visivi, racchiusi in forme organiche, prendono vita attraverso un’alta lavorazione artigianale: sono queste le linee espressive del divano René. Dimora accogliente e confortevole, audace negli abbinamenti, è un progetto dalla grande flessibilità compositiva, sia nei moduli disponibili sia nell’accostamento dei materiali. Gli elementi, caratterizzati da sedute e schienali arrotondati, si completano tra di loro in un gioco senza soluzione di continuità per composizioni lineari e angolari.

Visual dynamics shaped into organic forms, coming to life thanks to high craftsmanship: these are the expressive lines of the René sofa. Cozy and comfortable, bold in its combinations, this project shows the greatest flexibility, both in terms of available units and combination of the materials. The elements, with rounded seats and backs, complement each other in a game of free-standing or corner configurations.

Louis

Braccioli sagomati con un taglio obliquo caratterizzano la collezione e, grazie al cuscino di seduta intero, l'immagine complessiva risulta morbida ma sofisticata. La possibilità di giocare con la combinazione di elementi con diverse profondità permette composizioni eclettiche e versatili. Moduli terminali - angolari o con apertura oltre i 90° - rinnovano l'eleganza di Louis, mentre tavolini e librerie in cuoio impunturato completano il sistema, creando una naturale connessione tra estetica e funzione.

Contoured armrests with an oblique cut are the characteristics of this collection and, thanks to the seat cushions, the total look results both softer and sophisticated. The possibility to play with its various elements with different depths allows to have versatile and eclectic combinations. Terminal modules - corner or wing-shaped units extending beyond 90° - renew Louis's elegance, while stitched saddle leather low tables and bookcases complete the sofa system, creating a natural connection between aesthetics and function.

Roger

Roger è un sistema di sedute componibili che riesce ad accogliere nella sua semplicità. Essere semplice significa letteralmente “essere piegato una volta sola”. Ed è così che nasce il suo concept: da una superficie continua, quasi ininterrotta, che cambia direzione per avvolgere e assicurare nel suo comfort pieno. La struttura è lievemente arrotondata e invita a essere scoperta su ogni lato, rendendo questo prodotto ideale anche per soluzioni a centro stanza.

Roger is a modular seating system that manages to be welcoming in its simplicity. To be simple means literally “to be folded only once.” And that’s precisely how its concept was born: from a continuous, almost uninterrupted surface that changes direction to envelop and reassure with its deep, genuine comfort. The structure is slightly rounded and invites discovery from every side, making this product ideal even for central room solutions.

Roger Ghost

Roger Ghost è un divano lineare che nasce dal sistema di sedute componibili Roger, con cui condivide il concept originario: accogliere nel suo “essere semplice” - etimologicamente, “essere piegato una sola volta” -, con una superficie continua, quasi ininterrotta, che cambia direzione per avvolgere in modo rassicurante, dentro un’eleganza disegnata da linee essenziali e morbide.

Roger Ghost is a linear sofa that evolves from the Roger modular seating system. It shares the original concept of welcoming simplicity - etymologically meaning “to be folded only once.” Its design features a continuous, almost uninterrupted surface that changes direction to create a reassuring embrace, all while maintaining an elegance defined by essential, soft lines.

Belmon

Forme dolcemente squadrate per un evergreen Meridiani: la profondità di seduta, volutamente ridotta, rende la collezione ideale per la conversazione. La linea comprende elementi modulari, chaise longue, dormeuse e poltrone in diverse dimensioni, senza rinunciare ad un'estetica raffinata.

Gently squared forms define this Meridiani classic: the deliberately compact seating depth makes this collection particularly suited to conversation. The range encompasses modular elements, chaise longues, daybeds and arm-chairs in various dimensions, all the while maintaining an air of refined sophistication.

Oscar

Esempio di continuità e armonia, la lettera O è il segno grafico che dà origine alla collezione Oscar: divano, relax chaise e poltrona che esprimono eleganza attraverso una linea morbida e dettagli perfettamente contemporanei. I volumi sono precisi ma morbidi, essenziali ma confortevoli. A dare un tocco ancora più unico al prodotto, è prevista come optional una barra rivestita in cuoio che impreziosisce gli schienali. Oscar esprime pienamente un dinamico equilibrio di forme.

An example of continuity and balance, the letter O is the graphic sign from which Oscar collection draws inspiration: sofa, relax chaise, and armchair able to express elegance through soft lines and contemporary details. The volumes are clear but soft, essential, and comfortable. A saddle leather bar gives a unique touch to the product by enhancing the backrests. Oscar perfectly shows a dynamic balance of shapes.

Norton Capitonné

Norton Capitonné è un divano immaginato e prodotto come un blocco unico, ma scandito da una successione di volumi differenti. La lavorazione capitonné caratterizza e avvolge completamente il prodotto: braccioli, seduta, schienale presentano un'elegante uniformità tecnica e stilistica. Norton Capitonné è un'opera di alta manifattura, realizzabile grazie a uno straordinario know-how e a una consolidata e sapiente esperienza artigianale.

Norton Capitonné sofa has been imagined and realized as a single element with volumes, but marked by a succession of different volumes. The 'capitonné' quilting characterizes all sides: arms, seat and back show a refined uniformity in terms of technicality and style. It is a work of high craftsmanship, realized thanks to an extraordinary know-how and a consolidated artisanal experience.

Louis Up

Essenziale e rigoroso, il sistema di sedute Louis Up ha come elemento caratterizzante un unico cuscino di seduta: una scelta estetica capace di conferire alla collezione un’immagine leggera e contemporanea, esaltata da volumi sottili e dai piedini in metallo.

Essential and severe, the Louis Up seating system shows as characteristic element a single seat cushion: an aesthetical choice conferring to the collection a contemporary look, enhanced by the light volumes and the metal feet which rise it from the floor.

Prince

Giochi di equilibri tra volumi e proporzioni e un'ampia varietà di dimensioni ed elementi modulari danno vita a molteplici configurazioni. La cifra stilistica della collezione è un'elegante leggerezza, evidenziata dai piedini a vista; le cuscinate sono disponibili con finitura liscia o trapuntata.

Plays of balances between volumes and proportions and a wide variety of sizes and modular units give life to any configuration you may wish. The total look of the collection conveys an elegant lightness, highlighted by the feet at sight which lift it up from the floor and by the cushions which are available with plain or quilted finish.

Rivisitazione ricercata e contemporanea del divano elegante e classico, la collezione è contraddistinta dal taglio diagonale nella scocca, che separa seduta e schienale. L'impuntura su struttura e cuscini ne definisce le forme, mentre la generosa profondità di seduta invita ad un comfort assoluto.

A sophisticated, contemporary reinterpretation of classic, elegant sofas: this collection is characterized by the diagonal cut of the frame which separates seat and backrest. A rich piping on the cushions defines the shapes, while the generous depth evokes a feeling of "home" and absolute comfort.

Joseph

Joseph è un divano dalla linea aerodinamica, una forma 'a fagiolo' inclinata sul fianco, con una doppia anima: una più borghese ed elegante per la versione completamente liscia, e un'altra più disinvolta interamente trapuntata. Un elemento conviviale, da conversazione, pensato per una collocazione a centro stanza o per essere abbinato ad altri elementi.

Joseph is a sofa with an aerodynamic line, a shaped tilted to the side 'bean', imagined with a double look: a more bourgeois and elegant, completely tight one, and another more casual, entirely quilted one. A convivial element, for conversation, conceived - both for the height of its backrest and for the overall conformation - for a placement in the middle of the room or to be combined with other elements.

Jeanette

Jeanette è la poltrona dalle morbide forme scultoree. Lo schienale, che si sviluppa attraverso un cilindro avvolgente fino a diventare anche bracciolo, è l'elemento che definisce il tratto distintivo di questo prodotto dal disegno tondo, pieno e dal grande comfort. La collezione si arricchisce con la versione divanetto, dalle linee floride ma compatte, in grado di portare comodità e note di chiaro stile sia in ambienti residenziali sia in contesti contract.

Jeanette is the soft armchair with sculptural shapes, defined by round, full, and comfortable look. The backrest is its focal point, which grows through a wrapping cylinder until it also becomes the armrests. The collection is enriched with the loveseat version, featuring voluptuous yet compact lines, capable of bringing comfort and distinct style notes to both residential settings and contract environments.

Oscar

Esempio di continuità e armonia, la lettera O è il segno grafico che dà origine alla collezione Oscar: divano, relax chaise e poltrona che esprimono eleganza attraverso una linea morbida e dettagli perfettamente contemporanei. I volumi sono precisi ma morbidi, essenziali ma confortevoli. A dare un tocco ancora più unico al prodotto, è prevista come optional una barra rivestita in cuoio che impreziosisce gli schienali. Oscar esprime pienamente un dinamico equilibrio di forme.

An example of continuity and balance, the letter O is the graphic sign from which Oscar collection draws inspiration: sofa, relax chaise, and armchair able to express elegance through soft lines and contemporary details. The volumes are clear but soft, essential, and comfortable. A saddle leather bar gives a unique touch to the product by enhancing the backrests. Oscar perfectly shows a dynamic balance of shapes.

Belmon

Forme dolcemente squadrate per un evergreen Meridiani: la profondità di seduta, volutamente ridotta, rende la collezione ideale per la conversazione. La linea comprende elementi modulari, chaise longue, dormeuse e poltrone in diverse dimensioni, oltre ad una versione divano-letto per la massima versatilità di utilizzo, senza rinunciare ad un'estetica raffinata.

Gently square shapes for a Meridiani evergreen, the seating depth of which, intentionally reduced, makes it perfect for conversation. This line includes modular units, chaise longue, dormeuse, armchairs in different sizes and one sofa bed, all of them may be customized in different ways without renouncing the refined aesthetic.

Liu

Linee morbide ed essenziali sono i tratti salienti di questa lounge chair, reinterpretazione della classica bergère che, grazie allo schienale alto, rappresenta una soluzione ideale per il relax. Liu è disponibile sia con rivestimento morbido, sia in versione Skin, con fodera fissa che lascia a vista il basamento in legno. Versione speciale quella in Kuoio che offre alla vista e al tatto il piacere di una scocca esterna in cuoio, enfatizzata dal dettaglio prezioso di impunture tipiche della selleria.

Soft and essential lines are the most important features of this lounge chair, reinterpretation of the classic bergère which, thanks to the high backrest, represents the perfect solution for relaxing. Liu is available both with loose cover and in the version Skin, with tight cover which leaves the base at sight. A special version the Kuoio one, which offers to sight and touch the pleasure of an outer shell in saddle leather, emphasized by the precious detail of saddlery stitching.

Forrest

Poltroncina dal fascino discreto: lo schienale ricurvo e le rotondità che definiscono i braccioli rappresentano un affettuoso omaggio alla tradizione riletta in chiave moderna. Forrest è in massello di rovere con inserto in giunco per lo schienale; la versione Soft si distingue per il rivestimento che riveste l'intera struttura. La collezione comprende anche love seat, bergère, pouf e panca.

This small armchair shows a subtle glamour: the curved back and the rounded armrest represent a tender contemporary tribute to tradition. Forrest is made of solid stained oak with a cane insert on the backrest; the Soft version is different for its fabric or leather coatings that cover the entire structure. This collection is completed by a love seat, a bergère, an ottoman and a bench.

Josephine

Derivazione diretta del divano Joseph, anche la poltroncina Josephine ha una doppia anima: una più borghese ed elegante per la versione completamente liscia, e un'altra più disinvolta interamente trapuntata. A connotarla ulteriormente, una pratica base girevole.

Josephine, direct heir of the Joseph sofa, is imagined with a double look: a more bourgeois and elegant, completely tight one, and another more casual, entirely quilted one. In addition, a practical swivel base characterizes it.

Nora

L'arte di stare in poltrona: questo rappresenta Nora, una seduta dalle proporzioni generose con ampi braccioli imbottiti. Questo prodotto ha una componente altamente sartoriale: è stata infatti data la possibilità di personalizzarlo secondo il proprio gusto. Nora può essere più seria con le gambe in legno massello o completamente rivestita in tessuto/pelle ma anche più giocosa utilizzando una combinazione di diversi tessuti tra seduta/schienale e gambe/braccioli.

The art of sitting on the armchair: Nora is featured by generous proportions and upholstery armrests. This product can be totally customised: it is possible to tailor it according to clients' desires. Nora can present a more serious version with solid wood legs or totally covered by fabric/leather, or it can offer a more playful version by showing a combination of different fabrics between seat/backrest and legs/armrests.

Keeton

Sono le proporzioni perfette a connotare la collezione Keeton, ideale sia per il living sia per la zona notte. Una poltrona e un divanetto completamente rivestiti, nascondendo così il basamento a favore di un total look monomaterico.

Perfect proportions feature the Keeton collection, making it ideal for both the living and the night area. An armchair and a small sofa, completely covered with textile or leather, hiding the base in favour of a mono-material total-look.

Forrest

Poltroncina dal fascino discreto: lo schienale ricurvo e le rotondità che definiscono i braccioli rappresentano un affettuoso omaggio alla tradizione riletta in chiave moderna. Forrest è in massello di rovere con inserto in giunco per lo schienale; la versione Soft si distingue per il rivestimento che riveste l'intera struttura. La collezione comprende anche love seat, bergère, pouf e panca.

This small armchair shows a subtle glamour: the curved back and the rounded armrest represent a tender contemporary tribute to tradition. Forrest is made of solid stained oak with a cane insert on the backrest; the Soft version is different for its fabric or leather coatings that cover the entire structure. This collection is completed by a love seat, a bergère, an ottoman and a bench.

Sylvie

Sylvie è una sedia dallo schienale arrotondato e avvolgente, caratterizzato dai tre volumi che creano un equilibrio perfetto tra forme geometriche, ispirazione art déco e comfort. La base in tubolare di metallo lineare nero opaco alleggerisce la visione d'insieme, facendo galleggiare la seduta nello spazio.

Sylvie is a chair with a rounded and enveloping backrest, characterized by three volumes that together create a perfect balance between geometrical shapes, art déco inspiration and comfort. The base consists of a matt black varnished tubular metal frame, that lightens the overall appearance, giving the impression that the seat floats in the air.

Può essere senza bracciolo, con bracciolo in metallo oppure con l'aggiunta sul bracciolo di un tubolare a sezione cilindrica in massello di rovere oppure laccato lucido o laccato opaco nei diversi colori disponibili a catalogo.

Cosette

Cosette è una sedia dalla silhouette slanciata e dai volumi arrotondati, con una morbida seduta che segue la forma e le linee degli schienali avvolgenti. Può essere rivestita interamente con tessuti e pelli della gamma Meridiani oppure avere le gambe frontali laccate o in essenza, per diventare un prodotto frizzante e di carattere, in grado di donare vivacità e, allo stesso tempo, ricercatezza alla zona dining.

The Cosette chair has a sleek silhouette and rounded volumes, with a soft seat that follows the shape and lines of the enveloping backrest. It can be upholstered entirely in fabrics and leathers of the Meridiani range, or have lacquered or wood front legs to become a sparkling product, able to give verve and, at the same time, sophistication to the dining area.

sedia - chair DUE LOUNGE

Emilia

Un tratto ben definito e una leggerezza visiva caratterizzano la sedia Emilia che si distingue per le proporzioni contenute e l'essenzialità della struttura in legno massello, il cui calore riesce a coniugarsi in perfetta armonia con forme morbide e arrotondate. Contemporanea nella versione in legno, si trasforma in elegante e ricercata nelle versioni laccate lucida ed opaca, esprimendo l'ecclettismo che da sempre contraddistingue Meridiani. Due le tipologie di sedute: imbottita o con scocca in cuoio, dal look più definito e rigoroso.

A well-defined and visually light appeal characterize the Emilia chair; it stands out for its small sized and well-balanced proportions and its essential solid wood structure, whose warmth perfectly combines with the soft, rounded shapes. More contemporary in the wooden version, it becomes more elegant and refined in the glossy or matt lacquered versions expressing the brand's eclecticism. Two different kinds of seats: an upholstered version or in saddle-leather for a more decided, rigorous look.

Teresina

Teresina è una sedia e una poltroncina lounge caratterizzata da linee essenziali che assumono forma e struttura attraverso il calore e la matericità del massello di rovere, sapientemente lavorato. Il comfort e l'estetica differiscono per la versione “soft”, più morbida e accogliente, e quella “kuoio” dall’aspetto più deciso e grintoso. Questa collezione richiama suggestioni diverse a seconda delle finiture scelte, creando sedute in grado di vestire e interpretare ogni contesto abitativo.

Teresina is a chair and a lounge small armchair marked by essential lines that take shape and structure thanks to the warmth and solidity of oak wood, skillfully crafted. Both comfort and aesthetics differ in the available versions, the “soft” one, more welcoming, and the “kuoio” one with a more gritty and decided look. This collection recalls different suggestions depending on the chosen finish, creating versatile seats able to dress up and interpret every living context.

Hardy Stool

Un affascinante grafismo geometrico, essenziale e contemporaneo, definisce il look di questi sgabelli con struttura in metallo, disponibili in diverse altezze. Il look vagamente 'industrial' degli elementi, è addolcito dalla morbidezza delle sedute.

A charming geometric graphic, essential and contemporary, defines the look of these stools with metal base available in different heights. The slightly 'industrial' look of the elements is mitigated by the softness of the seating.

Wess

Perfetta per progetti contract grazie alle proporzioni contenute, ma ideale anche in spazi residenziali: questa collezione, definita da linee essenziali e dallo schienale appena curvato, nasce da un attento gioco di proporzioni per una sintesi di linearità e comfort.

Perfect for contract projects but ideal also for home environments thanks to its compact dimensions: defined by clean lines and by the slightly curved back, this collection is the result of a careful play of proportions for a synthesis of comfort and essentiality.

Frank

La collezione di tavoli Frank porta in casa l'equilibrio progettuale. Il piano, sottile nell'estetica ma robusto nella consistenza, è sostenuto da tiranti longitudinali in metallo e sorretto da gambe che, dal basso, si slanciano per abbracciarlo alle estremità. Questa giunzione a vista diventa dettaglio iconico della collezione. Con un concetto di design monomaterico, tutti i tavoli Frank sono configurabili completamente in rovere fiammato o in una selezione di finiture laccate.

The Frank table collection brings design equilibrium into the home. The tabletop combines sleek aesthetics with robust substance. It rests on longitudinal metal braces, while elegant legs extend upward to embrace it at each end. This visible junction becomes the iconic detail of the collection. Following a mono-material design concept, all Frank tables can be configured entirely in flamed oak or in a selection of lacquered finishes.

Italo

Solido nella sua morbidezza estetica, il tavolo Italo si presenta come un prodotto dalla personalità ben definita. Disponibile nei formati classici, tondo, quadrato e rettangolare, ma con gli angoli arrotondati, presenta linee sinuose con sezioni marcate dal temperamento scultoreo e monumentale, sia nel top sia nel basamento, a tre o quattro gambe. La declinazione in differenti proposte cromatiche delle lacche, lucide e opache, e dei marmi permette di dare vita ancora una volta ad oggetti unici.

Solid in its aesthetically smooth shapes, the Italo table presents itself as a product with a well-defined personality. Available in the usual formats - round, square and rectangular, but with rounded corners - it shows sinuous lines with sections marked by a sculptural and monumental character, both in the top and in the base, with three or four legs. The proposal of different color hues for the lacquers, glossy and opaque, and of the marbles allows to give life once again to unique objects.

Plinto

Una forma e un nome che richiamano stabilità e progettualità: dal latino ‘plinthus’, la collezione Plinto rimanda all’elemento architettonico che funge da sostegno a una colonna. Un tavolo scultoreo scandito da tre elementi: una base monolitica, una struttura leggera e un piano, ciascuno dei quali disponibile in più varianti di forme e materiali, per creare innumerevoli configurazioni. Una iconica collezione che non dimentica la pulizia formale e l’equilibrio progettuale in ogni sua versione.

A shape and a name that recall stability and planning: from Latin ‘plinthus’, the Plinto collection refers to the architectural element that serves as a support for columns. A sculptural table marked by three elements: a monolithic base, a light structure and a top, each of them available in different shapes and materials allowing many different configurations. An iconic collection with neat lines and a balanced design in each version.

Hubert

Hubert nasce dalla volontà di creare un tavolo semplice, definito da un telaio in tubolare di ferro molto lineare che sostiene diverse tipologie di piani, dalle forme e dalle dimensioni svariate. Hubert offre ampie possibilità compositive e, nella sua pulizia grafica, si concede vezzi come la possibilità del doppio piano o un puntalino di ottone presente nel telaio.

Hubert was born from the desire to create a simple table, defined by a very linear tubular iron frame that supports different types of top, with various shapes and sizes. Hubert presents a wide range of different composition options; in its graphic neatness it offers the gracious possibility of a double top or a small brass tip in the frame.

È la perfezione geometrica la chiave estetica di questa famiglia di tavoli bassi disponibili in diverse dimensioni per ciascuna forma. Realizzati con la fascia perimetrale nelle preziose finiture artigianali dell'ottone bronzato o dell'acciaio platinato, i piani presentano varie finiture che spaziano dal vetro, allo specchio, alla lacca o al marmo. Vibrante la versione Mirror interamente rivestita con le superfici riflettenti dello specchio.

The formal key of this family of low tables is the geometrical perfection: they are available in different sizes for each form. The perimetral side panels are available in handcrafted finishes such as bronzed brass or platinum steel, with tops in various finishes, from glass to mirrors, lacquer and marble. Very vibrant the Mirror version, completely covered with reflecting surfaces.

Adrian

Collezione di tavoli bassi che si distinguono per la peculiare forma del piano: un osso di seppia che si assottiglia, affusolandosi, e sembra quasi sospeso nel vuoto grazie alla snellezza della struttura. Realizzati in differenti dimensioni, i tavolini Adrian sono disponibili con top in lacca lucida e opaca o nelle diverse varianti di marmo. La struttura in metallo tubolare può essere interamente in ottone bronzato oppure nera - anche completata da raffinati puntali in ottone.

Collection of occasional tables featuring smooth edged tops, almost visually floating on a slim frame. Realized in various dimensions, the Adrian coffee tables are available with tops in matt or glossy lacquer or in the different marble kinds. The frame in tubular metal can be entirely in bronzed brass or black – also completed by refined bronzed brass tips.

Frank

Con precisione di linee e solidità materica, i tavoli bassi Frank condividono il disegno fondante dei tavoli da pranzo appartenenti alla stessa collezione. Il piano sottile ma robusto è iconicamente abbracciato alle estremità dalla terminazione di gambe scultoree, che conferiscono un aspetto più monolitico al prodotto. I tavoli bassi Frank sono disponibili in versione quadrata o rettangolare, in rovere fiammato o in tutte le nuance di lacche lucide e opache.

With precision of lines and material solidity, the Frank coffee tables share the foundational design of the dining tables belonging to the same collection. The slender yet robust tabletop is elegantly cradled at each end by sculptural legs, giving the piece a more monolithic appearance. Frank coffee tables are available in square or rectangular versions, in flamed oak or in all shades of glossy and matt lacquers.

Leon

Leon è una collezione di tavolini monolitici, realizzabili in lacca, o combinando base e sottopiano in lacca con il top in marmo. Nella versione in marmo, il dettaglio del taglio circolare che separa il piano dal sottopiano, diventa esso stesso elemento decorativo.

Collection of monolithic low tables which can be realized totally in lacquer or with base and under top in lacquer and top in marble. In this latter version, the details of the circular cut which separates top and under top becomes itself a decorative element, creating a truly unique piece.

Ralf

Un prezioso gioco di equilibri e di rimandi geometrici determina il look di questi tavoli bassi: due dischi – uno definisce il piano, l'altro la base – sono collegati da una leggera struttura composta da due rette in metallo verniciato ottone bronzato, acciaio platinato o nero opaco. Il basamento è in marmo, i piani in lacca, specchio o marmo.

A precious play of balances and geometrical recalls determines the look of these low tables: two round disks – one defines the top, the other one the base – connected by a light frame composed by two straight lines in varnished metal colour bronzed brass, platinum steel or matt black. The base is in marble, tops in lacquered wood, mirror or marble.

Henry

Henry è uno scrittoio a tre gambe, un tavolo visivamente sinuoso, con una sagoma morbida che, nel punto di giuntura tra gambe e piano, richiama il disegno dei tavoli e tavolini Frank. Progettato per essere un punto di appoggio tanto pratico per la casa quanto funzionale in ufficio, la caratteristica curvatura del piano accoglie la seduta e dona alla stanza un tocco di armonia ricercata. Come accessorio opzionale, un sottomano in cuoio.

Henry is a three-legged writing desk, a visually sinuous table with a soft silhouette that, at the junction point between legs and top, echoes the design of the Frank tables and coffee tables. Designed to be a practical support for the home as well as functional in the office, the characteristic curvature of the top accommodates the seat and gives the room a touch of refined harmony. A leather desk pad is available as an optional accessory.

Verner

Il contenitore Verner assicura un elevato grado di componibilità, grazie a una serie di elementi multipli che, abbinati ad alcuni terminali, possono dare vita sia a forme rettilinee, sia ad altre più mosse. Poliedrico e funzionale, Verner è configurabile anche bifacciale, con ante apribili su entrambi i lati a creare un vero e proprio espositore da centro stanza.

The Verner storage unit is characterised by a free-standing frame. It offers a high level of modularity, thanks to a multiple series of elements which combined with end-units allow to create linear or winding configurations and shapes. Versatile and functional, Verner can also be requested as a double-face piece of furniture, with doors that can be opened on both sides for a storage piece to place in the centre of the room.

Wallis

Un gioco di linee concave e convesse, lineari o curve. Wallis è un mobile contenitore che prevede quattro unità, in quattro forme, ognuna con una variante destra e una variante sinistra, che possono vivere singolarmente oppure essere accostate tra loro, dando vita a composizioni e interpretazioni differenti. Questo singolare eclettismo, dovuto anche alle diverse finiture disponibili, rende Wallis il perfetto alleato per un arredamento unico e personale, da sempre cifra stilistica di Meridiani.

Edoardo

Manualità e sartorialità sono alla base della manifattura del letto Edoardo. L'essenzialità della struttura in legno massello contrasta con i volumi importanti della testiera, disponibile in tre versioni dalla personalità distinta. La prima, imbottita con rivestimento in tessuto e delineata da un profilo, è avvolgente e sofisticata. La seconda è un invito al relax poiché presenta un'immagine più morbida e confortevole grazie anche alla finitura con volant piatto. La versione in cuoio intrecciato infine dona al letto un aspetto rigoroso ma altrettanto scenografico: la lavorazione complessa dell'intreccio unisce la cura per il dettaglio alla lavorazione secondo tradizione.

Manual skills and a unique tailoring approach define the Edoardo bed. The essentiality of the solid wood frame plays in a game of contrast with the volumes of the headboard available in three versions, each one with its own personality. The first version is enveloping and sophisticated, upholstered with a textile covering and outlined by a piping; the second one is an invitation to relax with its soft, welcoming allure thanks to the flat ruffles; the third version in woven saddle-leather shows a rigorous but at the same time glamorous look: the complex weaving process combines the utmost care for details with traditional manufacturing skills.

Oliver

Due i dettagli che caratterizzano visivamente questo letto tessile imbottito:
la testiera, capace di comunicare un'immediata sensazione di relax e realizzata con materiali super soft, e i raffinati piedini a vista realizzati in legno.

There are two details which distinguish this upholstered textile bed: the head-board, conveying an immediate feeling of relax, made of super soft materials, and the refined feet at sight, made in black stained wood.

Una collezione modulare di letti, versatile e ricercata sia nella struttura che nel dettaglio, all'insegna della massima libertà compositiva, con testiere e basi personalizzabili in un'ampia gamma di dimensioni, finiture e complementi. Una struttura a L funge da testiera e supporta la base del letto: i piani orizzontali possono essere utilizzati come appoggio per riporre libri o altri oggetti, oppure si può optare per la ricca serie di accessori disponibili in collezione.

A collection of modular beds, rich and refined in terms of both structure and details: it allows the outmost compositive freedom with its headboards and bases available in a wide selection of dimensions, finishes and accessories. The L-shaped structure is the bed base and supports the headboard: the horizontal panels on both sides of the bed can be used to stack books or to place lamps, or may be completed with one of the many complements.

Lauren

È la testiera importante, dalle forme sinuose e leggermente arrotondate a connotare questo letto dal gusto sofisticato e in grado di rileggere elementi della tradizione con uno sguardo contemporaneo. Una collezione iconica, arricchita dal prezioso dettaglio della lavorazione capitonné, con la testiera interamente lavorata a mano. È disponibile anche la versione completamente liscia, per dialogare con ambienti più contemporanei.

It is the important, slightly rounded headboard to characterize this sophisticated bed, which is able to reinterpret and renew the tradition. An iconic collection, enriched by the precious detail of the 'capitonné' manufacturing, with the entirely hand-made headboard. The plain version is also available to fit more contemporary interiors.

Un inno alle proporzioni, alla semplicità delle linee, al rifiuto del superfluo. È quanto comunica l'estetica pura di questo letto tessile imbottito dalla struttura in legno disponibile in varie dimensioni e colorazioni, anche nella versione Plus con giroletto e testiera più alti.

Turman

Eleganza e rigore, nel rispetto della tradizione: queste le parole chiave della linea, connotata dalla testiera capitonné in grado di arredare lo spazio con la forza impositiva del suo valore estetico. Turman è disponibile anche nella versione 'low' con testiera in altezza standard, senza però scendere a compromessi per quanto riguarda la preziosità della lavorazione artigianale.

Elegance and rigour respecting the tradition: these are the keywords for the Turman collection, characterized by the capitonné headboard which decorates and furnishes the space with the strength of its aesthetic values. The 'low' version presents the hand-made capitonné headboard but in standard height - without compromises for what concerns the precious artisanal workmanship.

TECHNICAL DETAILS

IT
Rete in legno di faggio lamellare, singola o doppia, con sezione perimetrale h. 60x35 mm; le doghe da 36 x 8 mm (25 x 8 mm nell'area spalle) si raccordano 2 a 2 al telaio tramite giunti flessibili in caucciù che, grazie alla loro eccezionale orientabilità orizzontale e verticale, consentono un'adattabilità assoluta all'anatomia del corpo disteso senza produrre alcun cigolio. Per un maggior comfort durante il riposo l'area spalla è dotata di speciali porta doghe ad elevato assorbimento. I volumi delle spalle vengono così accolti in modo naturale e confortevole. La zona lombare è dotata di regolatori di rigidità che consentono di personalizzare l'uso del piano letto in base al proprio peso e alle posizioni di riposo abituali.

EN
Single or double multi-layered beech wood slatted base with a h. 60x35 mm cross section frame; the 36 x 8mm slats (25 x 8 mm in shoulder area) are joined in pairs to the frame by means of flexible joints in rubber. Thanks to their exceptional property of horizontal and vertical orientation, it allows complete adaptability to the anatomy of the body which lies on it with no squeaking and no noise. In order to increase comfort while resting, the shoulder zone has special, high-absorption slat-holders. This leads to the shoulders being "hugged" in a natural and comfortable manner. The lumbar zone is equipped with sliding stiffness adjusters in order to be able to customize the slatted base according to the user's weight and sleeping habits.

Ralf

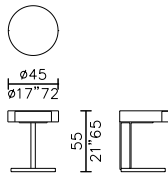

Un prezioso gioco di equilibri e rimandi geometrici definisce il look di questi comodini con cassetto: due dischi – uno per il piano, l’altro per la base – sono collegati da una struttura leggera, composta da due supporti lineari in metallo verniciato ottone bronzato, acciaio platinato o nero opaco. Il basamento è in marmo, i piani in legno laccato per un elegante accostamento di materiali.

A precious game of balance and geometrical references defines the look of this night table with drawer: two round disks - one for the top and one for the base - connected by a light frame made of straight lines in bronzed brass, platinum steel or matt black varnished metal. The marble base and the lacquered tops suggest an elegant combination of materials.

Om

Om è un tappeto che parla di equilibrio e materia. Annodato a mano e caratterizza-
to da una trama Chevron, Om nasce dall’incontro tra la morbidezza avvolgente della lana e la
forza autorevole della juta, due fibre che si completano in un intreccio di armonie naturali. Le
tonalità disponibili restituiscono la purezza dei materiali essenziali, con sfumature che ven-
gono valorizzate dalla luce e rivelano la profondità della texture, mentre ogni nodo racconta
l’accuratezza e la sapienza del gesto artigiano.

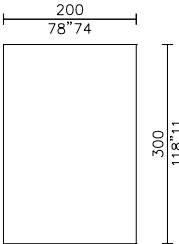

Om is a rug that speaks of balance and materiality. Hand knotted and featuring a
chevron weave, Om stems from the meeting of the enveloping softness of wool
and the authoritative strength of jute, two fibres that complement each other in an
interplay of natural harmonies. The available tones express the purity of essential
materials, with shades enhanced by light that reveal the depth of the texture, while
every knot reflects the care and skill of artisanal workmanship.

Shanti

Silenzio, armonia, equilibrio: il nome Shanti evoca una dimensione di calma confortante, la stessa che questi tappeti portano negli spazi che abitano. Realizzati interamente a mano, i tappeti Shanti nascono dall'intreccio paziente della fibra di ortica, un materiale che sorprende per la sua resistenza e per la trama uniforme ma delicatamente lucente, capace di svelarne la purezza naturale. Le tonalità disponibili compongono una palette sofisticata, con sfumature che restituiscono profondità e calore all'ambiente.

Silence, harmony, balance: the name Shanti evokes a sense of comforting calm, the same feeling these rugs bring to the spaces they inhabit.
